Memorandum for: The Director of Central Intelligence

Subject: Request from Mr. Roy Cohn, Counsel  
for the McCarthy Committee.

25X1A

1. Mr. Roy Cohn, Counsel for the McCarthy Committee, called to state that he and Mr. Shine were leaving for [redacted] tomorrow morning and would like to be able to talk with some CIA people abroad. They are going over to look into the activities of the Voice of America and the information services and are to be chaperoned by the State Department and MSA people. They thought it would be helpful if they could talk with CIA people on information service matters abroad. I told him that in view of the shortness of time, I would not be able to give them any assistance here, but that if there was anything we thought they should have abroad we would have them contacted overseas.
